## Grief for a Pet is Real

---

Beloved pets are part of the family. It hurts when we lose them.

People sometimes feel ashamed of their grief over a pet. There is often a fear that others may dismiss their feelings of profound sadness and loss because "it was only an animal."

At All Saints' Episcopal Church, we recognize that pets are part of God's creation. We give thanks to Him for providing us with such loving and faithful companions. We mourn when they reach the end of their time with us.

Just as memorials help us come to terms with our grief for human loved ones, so do they help us when it is a pet that has died.
